Related Categories: Sandbox, Health

This Wednesday [Sandbox gathering](#) we learn about **Infinity Releasing** with Nancy Smeltzer . Are you performing below your peak? Would you like to get unstuck in your relationships, health or job? Would you like to be able to give yourself future tune ups on your own at home?

Infinity Releasing is a powerful technique that can assist you in clearing any issue that is blocking you from achieving your peak performance. This short process was originally developed to help athletes move out of a slump and stay in "the Zone", but it has been adapted so a wide range of issues can be addressed, such as relationship, health, or job performance concerns. It's a relatively quick process to learn and use, so come join the hundreds who have already learned this method and begin to experience relief from your life issues.

Ceittlyn Connal says:

We have an amazing tool that we teach in our sessions and in workshops called Infinity Releasing. It is a very powerful tool that anyone with any issue can use and have a good measure of relief. It is a wonderful technique to know especially when emotions are raw and you don't know what else to do. It is very simple and easy to use. There are not many words to remember and it is very handy and portable! I am honored to share with you just how powerful Infinity Releasing and surrendering to the Divine really is.

My son died May 25, 2009 at about 8am or so Pacific time. That is very specific for me right now. It is amazing to look back over those moments when the phone rang, the world stopped moving, I was hearing words coming through a black talking device and I stopped understanding anything. I had always imagined what would happen whenever I got call like that, now I know. It just happened so automatically like something on television or in the stories; it was very surreal and ethereal. There was a floating feeling, disconnecting from all of reality, as I knew it. It was comforting and disorienting at the same time. It is still hard to remember much except the doctor's phone call and her words and my scream. More at <http://awakentoyourheart.blogspot.com/2009/09/www.hearthealing.net>

Nancy Smeltzer is a co-developer of the energy healing technique, Renaissance of the Heart. www.hearthealing.net Together with her healing partners, Dr. Mary Pellicer, MD, and Ceittlyn Connal, their modality has been used with clients in their long distance healing practice throughout the US and Canada; Russia, Switzerland; and Australia. As a self-taught clairvoyant, clairaudient, and clairsentient, she describes as being enrolled in the "School of the Divine", and is "shown" what she needs to know in order to help her clients. Nancy also uses her skills in her ongoing research in consciousness and has collaborated with a number of other alternative healers.

The workshop begins after dinner at 8pm. I invite you to join us, though as always what ever choice you make you will be honored in.
