Interesting theory on how the Bush administration could get their war on Iran even though most of congress is a "No" on a direct war. By use of an "accidental" war.

Make me wonder about how many past "accidental" wars were in fact planned. I have read books on WWI suggesting that several figures in the German high command wanted a war in 1914 rather than later when Russia would be too strong to beat and that they encouraged Austro-Hungary to push Serbia to war that led to WWI
