Which is better for photo sharing online -Google Picasa or Yahoo Flickr? I am experimenting with Picasa at home and we have used Flickr at work for years. I like the Picasa photo editing tool - fast and good features.

This [review](#) gives a detailed comparison of the two. And this [one](#) adds some thoughts too. You can even use the Picasa editor to [upload to Flickr](#) . The cost of storage differs too with free and unlimited options on both services.
