This Wednesday [Sandbox gathering](#) we learn we learn how to be more prosperous. Do you worry about money a lot? Does it seem that others are better off than you are? Would you like to increase your prosperity? Learn how our money patterns affect our prosperity and work on identifying what patterns you have and changing them for the better. We will do some exercises to help. Here are some thoughts on prosperity from Abraham-Hicks "Ask and it is Given"

Abraham: It's possible for you to hold yourself apart from money indefinitely, or it's possible for you to begin to allow the money to flow in large sums almost immediately. While it does not take time for things to turn around, it does take making a vibrational shift. The universe responds to the vibration of your being.

Here is an easy way to understand this: You do not set your radio dial to 630 AM expecting to hear what is being broadcast on 98.7 FM. You know that the frequencies have to match up. We can feel that your vibrational frequency is set on 'it's not happening.' Meanwhile, your desire is set to, 'I really want this and I believe that I deserve for it to happen.' So there is a contradiction happening vibrationally within you that needs to be soothed.

The playshop begins after dinner at 8pm. I invite you to join us, though as always what ever choice you make you will be honored in.
