This Wednesday [Sandbox gathering](#) we learn about Nassim Hamein's life-long exploration into the geometry of space time and a coherent understanding of the fundamental structure and model of our Universe and our existence in it. This ground breaking work launches us into the New Energy Movement. (This gathering was originally scheduled for 1/26 when we had the big snow storm)

You are invited to an introduction of one of the most profound scientific theories of our time. Hamein's scientific discovery (a published peer reviewed unified field theory) may well be the physics of creation, the scientific explanation of spirituality that supports the basis of most religions of a conscious energy field underlying all of physical reality. The theory also explains some of the strange observations of solar flares by the Japanese space telescope (see video below)

We will view footage from the DVD "Crossing The Event Horizon" which can be ordered from Nassim's website www.theresonanceproject.org . The following text is from this site:

We are living at a critical time in history. The work done in our interdisciplinary research park may be crucial to our capacity to overcome the ecological and technological difficulties our world faces today.

A New Spin on Einstein's Field Equations

Director of Research Nassim Hamein and scientists at the Resonance Project Foundation have found a new solution to Einstein's field equations which incorporates torque and Coriolis effects. Furthermore, calculations were rendered to describe the collective and coherent behavior of the plasma dynamics of ergospheres orbiting the event horizons of black holes demanding a highly structured polarized vacuum, resulting in an alternative view of black holes where the exterior white hole portion surrounds the interior black hole singularity.

From these calculations, a new paper has recently been released entitled Scale Unification – A Universal Scaling Law For Organized Matter, which describes our universe as embedded white hole / black hole or white / black "whole" structures from universal size to atomic and subatomic scales.

Instead of seeing ourselves as separate from everything around us, this view allows us to recognize that we are embedded in a fractal feedback dynamic that intrinsically connects all things via the medium of a vacuum structure of infinite potential. This research has far reaching implications in a variety of fields including theoretical and applied physics, cosmology, quantum mechanics, biology, chemistry, sociology, psychology, archaeology, anthropology, etc. A fundamental understanding of the dynamics of this interconnectivity redefines the lens through which we see the universe and our place in it, and leads to theoretical and technological advancements that move us towards a sustainable future. This new approach to the physics of universal forces has the potential to solve the most pressing issues of our times.

Following the movie Sandra Solomon will lead a discussion about the science and spirit and how we can be in contact with our power, divinity and responsibility now.

Sandra Solomon, Teacher, Channel/Conduit of Energetic Healing & Transformational Consultant. She is a gifted and accomplished healer who works on both an individual, group and planetary level. Her practice utilizes a wide range of energy modalities including, Quantum Healing which includes Reconnective Healing and Matrix Energetics. She attunes Reiki Masters to six levels beyond Master Level through the Lightarian Institute™. Sandra is also trained in Shamballa Healing.

Sandra offers Transformational Consulting using a variety of techniques, including: the Work of Byron Katie, Psych-K which is Psychological Kinesiology, EFT- Emotional Freedom Technique and The Sedona Method. These techniques assist in whole brain synchronization. Her Transformational Consulting helps you to fine-tune your life into a more peaceful and balanced journey. She employs transformational techniques to assist you in attaining your goals.

Sandra's explorations include quantum physics, sacred geometry, the Mayan Calendar, Kabbalah, the Sacred Alphabet, Universal Laws, the nature of reality and consciousness. She empowers people to discover their own self-authority. You can reach Sandra at mayanone (at) jun0 (dot) com or 434-825-5564

The movie and discussion begins after dinner at 8pm. I invite you to join us, though as always what ever choice you make you will be honored in.
