I found these affirmations really powerful - seems to get behind the issues I sometimes have with accountability/ integrity. And how perfectionism and fear of otehrrs reactions can get in my way of seeing and telling the truth. What helps you with integrity?

I am ready, willing and able to look, see, and tell the truth.  
I am ready and willing to assume responsibility for my life NOW.  
I love and accept myself.  
I trust the choices I make.  
I trust that others have their own answers for their life.  
I choose to live and I accept love, help, and healing.  
I am worthy of having what I want, my needs matter.  
I do my best and my best is good enough.

These affirmations address the core issues that most people struggle with at a deeper level of their being.  
Putting a daily focus on these truths will shift your core vibration which allows greater shifts in your life.
